DocuPrint C525 A

Colour Laser Printer

Amazing colour and fast black and white printing.

The DocuPrint C525A is outstanding value for customers who require fast black and white printing and high quality colour printing at a small price.

DP C525A fully configured

Value packed colour printing

The DocuPrint C525A printer is delivered with everything you need for immediate productivity. The 'ready out of the box' package even includes 10/100BaseT (TCP/IP)* network interface so that you can share the C525A printer with your colleagues.

- 25 ppm black and white output; 5 ppm colour. You won't be sacrificing black and white printing speed to add colour
- 64 MB of standard memory ensures that you can print complex documents
- Optional automatic two-sided printing saves paper and simplifies production of professional-looking documents
- Quick response – first colour page out time under 17 seconds; 9 seconds for black-and-white
- Generous 200-sheet paper tray, with optional 500 and 250 sheet trays for a total of 950 sheets
- 300 MHz CPU ensures unmatched performance, at this price point, in black and white or colour printing

* TCP/IP support for Windows. An optional network expansion card is required for NetWare, SMB and IPP.

Standard TCP/IP support

Excellent print quality

Delivering crisp, sharp laser output that is so popular among business users. Produce vivid, high impact professional looking documents every time.

- 600 dpi Standard Mode produces excellent results; crisp 9600 x 600 resolution enhancement when the highest print quality is needed
- Fuji Xerox technology automatically gives you the best results for photos, graphics and text

Easy drum replacement

Innovative features that offer you more

The DocuPrint C525A is an extraordinary colour printer that comes with a host of innovative and useful features such as multi-up printing, rotate image and enhanced capabilities offering improved efficiency and higher productivity.

- Intelligently engineered, simplifying both setup and everyday use – a few mouse-clicks is all it takes for any operation
- The network ready DocuPrint C525A can be made accessible to everyone on the office network
- The graphical and intuitive driver ensures printing in color or black and white is very simple; for example selecting image auto correction only requires a couple of mouse clicks
- Embedded web server provides for easy management via any web browser

DocuPrint C525 A

Colour Laser Printer

Good design means great value.

The DocuPrint C525A colour laser printer is a reliable and productive machine that leverages years of Fuji Xerox experience in black and white and colour printers. It uses the latest EA toner technology that saves toner, reduces machine contamination and uses less power, meaning that you not only get professional quality print results but you also save money in the long run.

- 1 Affordable colour laser offering standard network connectivity (TCP/IP)
- 2 200 sheet multipurpose tray offers wide media flexibility: custom paper sizes, envelopes, transparencies and labels
- 3 Additionally, the DocuPrint C525A colour laser printer offers an optional 250 and 500 sheet paper tray (total of 950 sheets)
- 4 Add a duplex option that saves paper and produces professional looking documents
- 5 Low running costs in both black and white and colour may even allow you to replace your old black and white laser printer and save money on running costs

DP C525A with duplex unit

Colour setup is simple and automatic, yet the DocuPrint C525A colour laser printer is flexible enough to allow you to select the best image auto correction and image types for your particular document.
